## SUMMARY

Senior UX designer and project manager who makes complex topics simple for anyone to use. Working rule: make the problem simple, then solve the simple problem. Project-managed a defense data fabric pilot that went live in 16 weeks, helped build AI Foundations, now required for every Agile Defense employee, and help run the 10-day Pre-Discovery sprints that help win federal contracts. Even-keeled and facts-first: when work stalls, finds the blocker and gets the right people talking. Certified ScrumMaster and SAFe for Teams.

## EXPERIENCE

**Senior UX Designer · Project Manager, Agile Defense University** Nov 2021–present

**Agile Defense (formerly Intellibridge)** · *Federal and commercial digital services firm. Project manager for Agile Defense University since 2026 and for Experience Studio since 2024; promoted from UX Designer to Senior UX Designer.*

- Project-managed a 16-week, 8-sprint pilot of a defense data fabric ecosystem with a 13-person technical team and 5 government stakeholders; it went live on schedule and drew requests for similar systems across the military.
- Helped build AI Foundations, a plain-language AI course now required for all employees before using internal AI tools.
- Help design and run 10-day Pre-Discovery sprints that put interactive prototypes in front of federal prospects before competitors submit proposals, helping win federal contracts.
- Created Fast Plays, about 15 templated workshop methods that cut workshop setup from days to minutes, and helped build TASK Agents for AI-assisted research synthesis.

- Manage Agile Defense University, a learning program for around 1,500 employees, aligning HR, Operations, Compliance and Communities of Practice around five leadership OKRs.
- Lead delivery for Experience Studio, a 4-person design team; co-led the Labs project management office for 6 months after a merger.

### UX Content Designer

2022

**Novant Health (via Accrue Partners)** · *Healthcare system website redesign. Part-time contract alongside Agile Defense.*

- Helped build a drag-and-drop design system that made page building faster than the manual builds it replaced.

### Web Designer

Sep 2016–Nov 2021

**University of North Georgia** · *Public university*

- Led UX/UI design on a research-driven redesign of a 5,000+ page site, consolidating 20+ site menus into one structure.
